**Subject:** White Mesa Mill (Offsite Rule)

Hi Mark,

Sorry for the delay.

The White Mesa Mill has received CERCLA Offsite Rule acceptability determinations in April 1999, in connection with the receipt of FUSRAP alternate feed materials from Tonawanda New York, and in December 2013, in connection with the receipt of alternate feed material from the Dawn Mining Company Midnite Mine site in Washington State. The Mill has undergone a number of EPA Offsite Rule inspections over the years. The White Mesa Mill submitted a Request for an additional CERCLA Offsite Rule acceptability determination in June 2017, and is currently awaiting the determination from EPA.

Please let me know if you have any questions?

Regards,

Energy Fuels Resources (USA) Inc.
